To: The Chief Executive Officer
Mayar Medical Centre

Subject: Request for Financial Assistance for My Mother's Medical Treatment

Dear Sir/Madam,

I am writing to respectfully request financial assistance to support the medical treatment of my mother, who is currently in the village and has been experiencing ongoing health challenges.

My mother has recently lost significant weight due to continued loss of appetite. She was also treated for malaria recently; however, her condition has not improved as expected, and I am concerned about her continued weakness and loss of appetite. I therefore wish to take her to a private clinic for further medical assessment, including a Complete Blood Count (CBC), and to obtain the appropriate medication based on the results of the examination.

In view of this situation, I kindly request the Centre's consideration for any financial support that may be available within the range of my current salary. I am willing for the amount provided to be deducted from my current month's salary.

I would be very grateful for your kind consideration and support during this difficult time. Any assistance extended to me will greatly help in ensuring that my mother receives the medical attention she urgently needs.

Thank you for your understanding and consideration.

Yours faithfully,

Riak Mawut
